OVERVIEW

High-end property undergoing a complete renovation , designed to offer comfort, style, and functionality.

We present a unique opportunity in the heart of Barcelona: an apartment located in Plaza Tetuán. It is currently undergoing renovation, and its contemporary design blends with high-quality materials. It is designed for those who value comfort, style, and functionality.

The property will feature four spacious and bright bedrooms, ideal for a family or for those looking to combine property and working space. It will also have three full bathrooms, all with modern, designer finishes.

The dining room living room will stand out for its spaciousness and original features, such as the Catalan vaulted ceiling, which adds an authentic and elegant touch to the space. The kitchen will be renovated to include a central island and appliances, with a layout designed for everyday enjoyment and social gatherings.

Additionally, a separate laundry room room, custom built-in wardrobes , and a spacious entrance hall will be included for a comfortable and inviting entrance.

Thanks to its orientation and layout, the property will receive abundant natural light throughout the day. Its location is excellent: just steps from Passeig de Sant Joan, the Eixample district, and the centre, with easy access to amenities, public transportation, shops, and green areas.

Expected delivery: August 2025.

Ideal property for those seeking a quality property in a strategic area of Barcelona.
