OVERVIEW

Exclusive new build property for sale with one bedroom and a 20 m² terrace in a development with a communal pool and gym in Villa Olímpica

Lucas Fox presents The Bridge: a unique new build development located in the sought-after Olympic Villa , just steps from the sea.

The prestigious Batlleiroig architectural studio is responsible for designing this exclusive residential project, which includes 20 contemporary homes in a renovated building that combines Mediterranean style with cutting-edge energy efficiency. Each property, with interior surfaces ranging from 47 to 131 m², features private outdoor spaces of up to 76 m², designed as extensions of the home to enjoy Barcelona's climate and light year-round.

The homes stand out for their spaciousness, functional design, and high-quality finishes, with integrated kitchens, en-suite bedrooms, large windows, and home automation solutions. The bright, open-plan living areas offer flexible layout and a natural connection to the exterior, while the construction and air conditioning systems guarantee a high level of sustainability (reflected in the double A energy rating).

This particular property has 77 m² of built-in space and a magnificent 20 m² private terrace, perfect for enjoying the Mediterranean climate. It features one bedroom and one bathroom, as well as a functional and bright layout that prioritizes comfort, contemporary design, and a connection to the exterior.

The building is complemented by exclusive communal areas that enhance the residential experience: a spectacular rooftop pool and *chill-out* area with sea views, a private gym, underground parking, storage rooms, and convenient bicycle parking.
