OVERVIEW

Spectacular 136 m² apartment in a period building located in the heart of Eixample. It features a renovation with high-quality finishes, three en-suite bedrooms, an open kitchen with an island, and a bright dining room living room with access to a balcony.

We present this 136 m² architectural gem located in a period building, notable for its stately character and a comprehensive renovation that will be completed by the end of September of this year. This exclusive property combines the elegance of original elements, such as hydraulic tile floors and period moldings, with the comfort and aesthetics of a contemporary design.

The heart of the home is a spacious day area with an open kitchen equipped with a large central island. From the bright living and dining room living room , we access a pleasant balcony through enormous windows, which brings even more light and freshness to the space. The well-defined night area consists of three double bedrooms en suite, while a guest toilet serves the day area. The master suite is distinguished by its spacious bathroom with a freestanding bathtub, separate shower, and a bright gallery perfect as a reading corner or dressing table.

Without a doubt, this is a property designed for those seeking quality of life, design, and an unbeatable location in one of Barcelona's most coveted areas .
