OVERVIEW

Stunning apartments and king size duplex penthouses with fabulous terraces in this wonderful new development in Benahavis.

Set on the side of a hill in Benahavis with privileged natural views, this brand new development has been designed according to the best eco-friendly and bioclimatic criteria. Minimal energy consumption thanks to solar panels and high quality thermal insulation protect the environment and lower the cost of utility bills.

Respecting the natural shape of the valley, the residence will be built on several levels to optimise the panoramic views. The use of local plants and trees in the green and garden areas will immerse the building harmoniously in its natural surroundings. Residents here may enjoy access to the wonderful communal gardens and swimming pool.

There are 92 spacious, modern properties available at this development, spread through 4-storey buildings, each topped by an impressive extra-large penthouse. Each of the units has been designed to enjoy the best views and natural light. This light and the views, together with the spacious rooms (above the standard size) will create a unique home offering an excellent quality of life. Kitchens are integrated into the living spaces which, in turn, lead out to the terrace. A private garage space and storage room are included in the sale.

Your home will be delivered fully equipped with marble flooring, LED lighting, air conditioning and heating, kitchen appliances and all of the necessary fixtures and fittings to be able to move straight in and start enjoying your new home in Benahavis.
