€860,000 Penthouse - Sold

Excellent apartment with sea views for sale in Blanes, Costa Brava

Design apartment with jacuzzi, located in the port of Blanes within walking distance of the beach and the city centre. It enjoys the best panoramic views of all of Blanes.

This apartment has an idyllic location, in the first town of the Costa Brava, Blanes. offering the best views of all of Blanes.

It is located in a community of only two neighbours who share the entrance to the community and parking space.

The apartment was renovated about 6 years ago and remains spectacular and pristine.

The day area consists of an open space with the living room and kitchen. The living-dining room area has direct access to a huge terrace, so it has plenty of natural light and enjoys panoramic views of the sea, the port and Passeig de Blanes. Once the windows are open, they can be hidden within the wall, creating a single space, from the kitchen, through the living room to the end of the terrace.

In the middle of the kitchen, there is a central island that slightly separates the kitchen and living room, without interrupting the light and the views that can be enjoyed from practically any corner. On the left side of the kitchen, there is the pantry and the washing machine and dryer area.

As for the sleeping area, three bedrooms are offered. The master bedroom has a private bathroom and direct access to the huge terrace. Again and as in the living room, it enjoys beautiful views of the sea and the windows are hidden in the wall by rails, to increase the feeling of spaciousness. In the centre of the terrace there is a jacuzzi and a horizontal fountain.

In front of the main bedroom, we find a large dressing room that is really the size of a double bedroom and that, in the future, could be used as a further bedroom.

Just behind the kitchen, on the sides, there are two double bedrooms that share a bathroom with a shower.

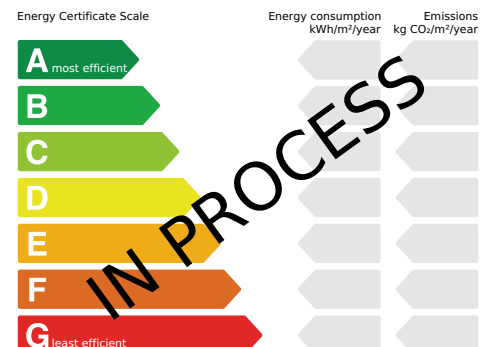

All the furniture, the finishes and appliances are of high quality. The exterior awnings are automatic and are equipped with wind and rain sensors.

The community offers an open parking area at the top of the building.
