OVERVIEW

Villas del Sol, a new development with 8 modern houses with sea views and a private pool for sale just 5 minutes from the center of Begur and its beautiful beaches, on the Costa Brava.

The Villas del Sol development consists of eight elegant individual modern houses. Each house is an ideal proposal to enjoy spectacular panoramic views of the sea and the town of Begur from all rooms.

The development 's location is fantastic for couples or families who enjoy living in a picturesque town, such as Begur, after having spent a relaxing day in one of its beautiful coves. The centre of Begur with its shops, excellent restaurants and nice tapas bars is only a 5-minute walk away, while the beautiful coves around Begur such as Aiguablava, Sa Tuna or Sa Riera are at a distance of about 3 to 5 kilometers .

The newly built villas are distributed over three floors, plus the roof terrace and have a constructed area, including the garage, starting at 373 m². In addition, they have a garden for private use, from 148 m², plus a private pool from 21 m². In addition, each house has a private heated pool with its surrounding terrace and a small garden for private use.

Its 10 linear meter façades facing the sea with its large windows are ideal for enjoying the incredible views of the sea, the Medas Islands and the castle of Begur and providing abundant natural light in the day and night areas .

The houses have four or five double bedrooms, including the master suite with its private bathroom. Except for one, all bedrooms have views.

On the entrance floor , there is a spacious 36 m² dining room -dining living room with a large 14 m² visually integrated balcony and an 11 m² open kitchen from the SieMatic brand, equipped with an induction hob with integrated carbon filter, steam oven, microwave, built-in dishwasher and American refrigerator from the house Neff.

In the lower ground floor, a large multifunctional space has been created that receives abundant natural light thanks to its central patio. This space can be used, for example, as a games room, home cinema or even as a guest bedroom , since there is a full bathroom on the same floor.

The successful developer company in Germany that has been in charge of its development has not hesitated to apply the same qualities that it uses in its local developments. Thus, they have thermal insulation systems based on expanded polystyrene plates, refrigeration and heating systems integrated into the false ceilings (radiant ceiling) powered by aerothermics , basic home automation and other more innovative technological features to be able to enjoy the houses throughout the year. year sustainably.

Do not hesitate to contact us if you want more information about this fantastic new build development .

Highlights:

- Villas with 4 or 5 bedrooms
- Private garden and pool
- Modern and airy design
- great qualities
- exclusive location
- Near the beach
