OVERVIEW

New Development in the heart of Pedró de Palamós, with a communal area with swimming pool and parking, just a few minutes walk from the beach.

Lucas Fox presents this new build development in the heart of the old town of Palamós. It consists of two impressive blocks, with 31 luxurious apartments and 38 parking spaces in the heart of the Costa Brava. The buildings are inspired by the Mediterranean style, with light colors and a minimalist design that harmoniously integrates with the historical charm of the city. All this, with exceptional quality finishes and a design that takes care of every detail.

The buildings are located at the highest point of the old town and offer a feeling of tranquility and comfort. Between them, there is a generous distance, to offer greater privacy. In addition, an elegant private communal area with swimming pool, shaded areas and exquisite gardens is offered.

The ground floor apartments have large terraces and private gardens. The sliding balcony doors provide continuity between the interior and exterior, allowing the entry of natural light. The apartments and duplexes have large living rooms with views of the garden area or the sea and spacious double bedrooms. The decks with natural wood beams create a unique atmosphere of comfort. The duplex homes also enjoy beautiful views of the bay of Palamós.

Each property is delivered with a fully equipped kitchen and complete bathrooms with designer furniture. Attention to detail ensures that each space is functional and stylish.

On the other hand, large parking spaces are offered with direct access by lift, some of them also with direct access to the storage room.

An advanced air conditioning and hot water production system offers comfort, efficiency and sustainability, discreetly integrated into the spaces. The building has a maximum AA++ Energy rating.

This development offers apartments that offer comfort, design and exceptional views, as well as the best in quality of life, all next to the Mediterranean. Get in touch for more information.
