OVERVIEW

New development project of 3 luxury villas with panoramic views over the sea and the mountains, short walking distance to the centre of Begur.

Nestled in the serene Son Rich neighbourhood, only 15 minutes walking distance from the vibrant heart of Begur, emerges a new paradigm of luxury living – a meticulously conceived project of three new development villas designed for discerning individuals who seek unparalleled elegance and comfort.

These exclusive villas, set against the backdrop of sweeping panoramic views encompassing the azure Mediterranean, the serene Medes Islands, the lush landscapes of Empordà, and the majestic Pyrenees, are poised to redefine luxury living in one of Catalonia's most sought-after areas.

Upon arrival, the villas' imposing presence is immediately apparent. The villas will be entered through a generously proportioned garage, leading into a welcoming main entrance. This level is thoughtfully designed to cater to the modern lifestyle, offering a gym space, laundry, a technical room, ample storage, and a convenient bathroom.

Ascend via the lift or take the stairs to discover the heart of these magnificent homes on the first floor. The day area unfolds in an expansive open-plan layout, where the living room and dining area seamlessly merge, bathed in natural light and offering breathtaking views. The state-of-the-art kitchen, equipped with the finest Gaggenau appliances, is a culinary enthusiast's dream, perfectly positioned to entertain and engage with guests on the sprawling terrace, where the allure of the outdoors is irresistible, thanks to the inviting pool.

The pinnacle of privacy and tranquility is found on the second floor, dedicated to rest and rejuvenation. Two sumptuous en-suite bedrooms serve as personal retreats, each boasting walk-through closets, exquisite private bathrooms, and terraces that offer a sanctuary of peace with stunning views. Additionally, two more double bedrooms are thoughtfully appointed, sharing a well-equipped bathroom, ensuring comfort and elegance for family and guests alike.

Exemplary in every detail, the villas' installations and finishes speak to a commitment to quality and sophistication. Underfloor heating and ducted air conditioning via an arothermal system ensure a perfect climate year-round, while Cortizo aluminium windows, electrical shutters, and a mix of ceramic and wooden flooring balance aesthetics with functionality. The inclusion of a lift, a state-of-the-art home automation system, and meticulous landscaping underscores the villa's modernity and luxury.

Explore the specifics of each villa independently. If you would like a complete specification of the project, its materials and finishes, please do not hesitate to request it.
