New build 3 Bedroom plot for sale in Lloret de Mar, Costa Brava

Contemporary villa with sea views and high-end project for sale in the structural phase in Lloret de Mar

Exclusive contemporary villa with open sea and mountain views for sale in the structural phase in Lloret de Mar.

The property sits on an elevated plot offering privacy, expansive views, and excellent orientation. The project envisions a single-family home with modern lines and minimalist architecture, designed to blend seamlessly with the natural surroundings and maximize views and natural light.

The house is being sold in its current state, in the structural phase, allowing the future owner to finish it completely to their liking, choosing materials, interior layout, finishes and final design according to their needs and preferences.

The project envisions a comfortable layout across two main floors plus a separate auxiliary area:

- Main floor with spacious living-dining room with open kitchen and large windows with direct access to the exterior
- Several terraces and covered areas
- Private pool
- Upper floor designated as a night area with bedrooms and bathrooms
- Main bedroom with en-suite bathroom and terrace
- Separate auxiliary building intended as a garage
- Pedestrian and access access planned

The completed structure allows one to perfectly appreciate the quality of the project, the spaciousness of the rooms and the orientation of the property.

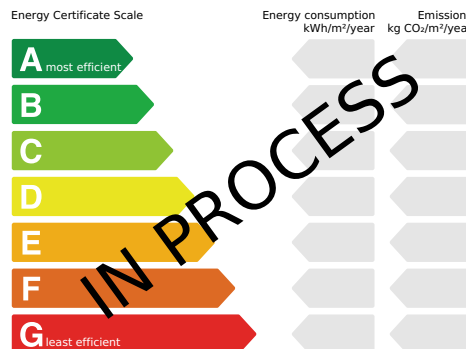

A very interesting opportunity for both end customers and investors or developers looking for a contemporary villa in one of the most sought-after residential areas of the Costa Brava.

For more information about surfaces, project and current status of the work, do not hesitate to contact us.
