OVERVIEW

Elysea Suites, an exclusive new development of 22 flats with sea views and only 3 minutes walk to the beach in Mijas, Costa del Sol.

Lucas Fox is pleased to present Elysea Suites, an exclusive new build with 22 two and three bedroom apartments located in Mijas Costa, Málaga. The development enjoys spectacular views of the Mediterranean Sea from all the homes and is located just three minutes walk from the beach.

The development offers a wide variety of housing types, from ground floor apartments with garden and private pool and apartments with terrace and sea views, to penthouses with solarium and private pool; and all of them with a garage space and private storage room included.

The homes have an open-plan design, especially in the day area that houses the living room, dining room and kitchen in a single open-plan space, to maximize space. Likewise, they have large windows that allow natural light to enter throughout the space and offer a warm and cozy atmosphere. All apartments have large terraces, to enjoy the area's climate outdoors. On the other hand, thanks to the elevated position of the development, the homes enjoy incredible views of the sea.

Likewise, the homes have exceptional qualities. Enjoy a lifestyle that seamlessly combines the best of both worlds: the peaceful serenity of coastal living and the modern amenities of an exclusive community.

The development offers its residents exclusive access to community areas. An impressive community pool is offered, to take a refreshing bathroom or disconnect. Likewise, it has a fully equipped gym, to continue your exercise routine without having to leave home. Even for those who want to relax after a hard day, the community has a spa. In the gardens, a wide variety of species have been carefully selected that are maintained throughout the year and that successfully decorate this outdoor space, for your enjoyment.

At Elysea Suites, an organic architecture has been pursued on the façade, but rational on the inside. In this way, great prominence has been given to terraces, private gardens, solariums and pergolas, while reinforcing the privacy of the property.
