OVERVIEW

Introducing Golfside Villa 9, a truly eye-catching home with high ceilings, huge windows and a secluded pool area, overlooking Finca Cortesin.

The property has been meticulously designed and adheres to the 'form follows function' principle of architecture. The simplicity of the design and the materials chosen to reduce noise to the minimum, ensure the villa is the ideal tranquil retreat. The vast expanse of glass used in construction also maximises the stunning views of the garden with a pool, the golf course and the Mediterranean Sea.

This exclusive residence in the Finca Cortesin resort showcases luxury, elegance and breathtaking views. Designed by Jose María Sierra Architects, it features floor-to-ceiling windows, a striking white facade with wooden accents and impressive ceiling heights.

Stepping inside, we are welcomed into an ideal space for leisure, ready to be transformed into a cosy library or a lively game room with a pool table. The ground floor is home to three bedrooms, each boasting its own bathroom and dressing room for ultimate privacy and convenience.

Descending to the garden level, the abundance of windows immediately catches your eye, flooding the villa with natural light. This floor hosts the heart of the home: a spacious kitchen and living room that open onto a beautiful porch, garden, and pool area. Here, two luxurious master suites await, each featuring expansive dressing rooms, offering a blend of comfort and style in this light-filled sanctuary.
