€739,000 Apartment - For sale - New listing

A spectacular corner penthouse with an exceptionally spacious terrace and panoramic views over the sea and mountains.

Spectacular corner penthouse with a spacious wraparound terrace and panoramic sea and mountain views. Enjoy all-day sunshine, stunning sunsets, and exceptional privacy in the peaceful surroundings of Camarate Golf, Casares Costa.

We are delighted to present this spectacular corner penthouse with an exceptionally spacious terrace and panoramic views over the Mediterranean Sea, the surrounding mountains, and the Spanish coastline. Situated within a newly built residential development at Camarate Golf, this top-floor residence combines modern comfort with elegant coastal living.

The property features a spacious and light-filled open-plan living and dining area, complemented by a contemporary kitchen with a central island. Large sliding doors lead directly onto an impressive 143 m² wraparound terrace, creating an ideal space for relaxing, entertaining, or outdoor dining throughout the year while enjoying breathtaking sunsets every evening and sunshine throughout the day. The terrace also offers an exceptional level of privacy.

Both bedrooms benefit from direct access to the terrace and include generous built-in wardrobes. The main bedroom features a stylish en-suite bathroom, while the guest bedroom is served by a separate full bathroom.

Designed with quality and comfort in mind, the penthouse includes an independent AirZone hot and cold air conditioning system, electric shutters, high-quality finishes throughout, a large private parking space, and a storage room. In addition, mosquito sliding doors have been installed throughout the property, except for the kitchen doors.

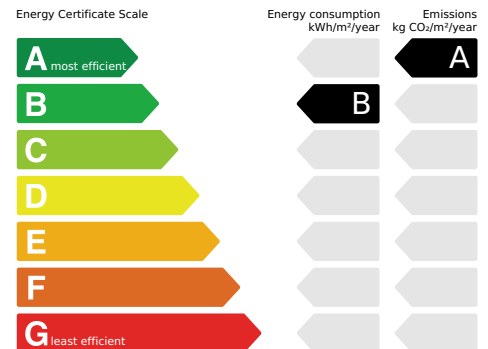

Completed in December 2023, the community offers landscaped gardens, two swimming pools, and a fully equipped gym.

The combination of contemporary architecture, generous exterior space, and a peaceful setting makes this penthouse an attractive option for those seeking comfort and quality of life close to the sea.
