OVERVIEW

Excellent new development with 3 houses with a garden and pool, ideal as a holiday rental investment project, for sale in Gava Mar.

The exclusive new Gava La Pineda development is offering 3 luxury semi-detached houses, including 2 corner houses and 1 terraced house. This residential complex is located in the town of Gava, which is situated between the sea and the mountains and that offers you all the services to live day-to-day life comfortably. Furthermore, Gava has excellent connection with Barcelona and El Prat airport, both by public transport and by road. This area also offers some prestigious international schools, where children can receive the best education.

Gava still grants short-term tourist rental licences. For this reason, and due to their immediate proximity to the beach and the ease of access to Barcelona, these homes represent an investment opportunity that cannot be missed.

The residential complex is made up of 10 luxury semi-detached houses in total, all spacious, bright, with a private garden and great privacy. In addition, the development offers an excellent community area with a garden, swimming pool and sun loungers: the ideal space to enjoy the sun and cool off during the hottest months.

These semi-detached houses are spread over 3 floors and consist of 3 wonderful bedrooms and 3 bathrooms, ranging from 235 to 323 m² of useable space. The houses stand out for their elegant and contemporary design, with spacious rooms brimming with natural light. The layout is very practical and makes the most of the space, with the day area on the ground floor, the night area on the first floor, and a study space on the second floor, the use of which can be adapted to the needs of its new owner.

Likewise, all homes have their own terrace / garden space, which provides light and allows you to enjoy an outdoor lifestyle, relax in the sun and organise lunches or dinners in the company of your loved ones.

The houses enjoy the best finishes and materials, and are being sold with the equipped kitchen and the finished bathrooms (with brands such as Roca or Terran). In addition, they are equipped with aluminum exterior window frames with a thermal break system, video intercom, motorised blinds and a lift to guarantee your maximum comfort.
