Prices from €745,000 New development

Higueron Oasis Apartments, Mijas, Costa del Sol

A new development of Apartments for sale in Mijas, Costa del Sol with a starting price of €745,000

In a prime location in Mijas, surrounded by nature and just minutes from the sea and some of the best golf courses on the Costa del Sol, this ambitious residential development is being built to offer a contemporary, healthy, and comfortable lifestyle. A truly exceptional project that combines high-quality architecture with an environment designed for year-round enjoyment.

The complex comprises 105 apartments, duplexes, penthouses, as well as garden villas and elevated villas, offering a wide variety of layouts suitable for primary residences, vacation homes, or investment properties. All units have been designed to maximize panoramic views of the Mediterranean Sea and the mountains, even on the ground floors, thanks to their careful layout and orientation.

The homes stand out for their spacious bedrooms with en-suite bathroom, generous terraces, private gardens in certain models, and premium finishes. The specifications reflect a modern and efficient approach: high-energy-efficiency windows, advanced insulation, solar energy, aerothermics systems, underfloor heating throughout, and air conditioning, guaranteeing optimal comfort in any property.

Safety and tranquility are cornerstones of the project. The gated development features 24-hour security, video surveillance, controlled access, and on-site concierge and management services, providing added convenience that is especially valued by international residents.

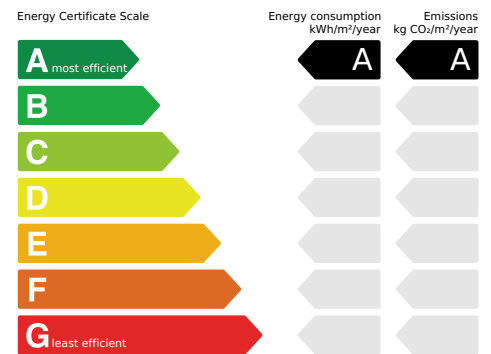

The lifestyle is complemented by a carefully curated selection of communal areas: an exterior and heated indoor pool, a spa, a fully equipped gym, communal gardens, a solarium, and chill-out areas with barbecues. Families have access to children's playgrounds, while professionals and long room residents enjoy coworking spaces and a social club. All of this is set within an environment designed for well-being, modern living, and quality community.
