OVERVIEW

Spectacular new villa for sale in a new development with plenty of privacy and good views in Santa Eulalia del Rio.

Covering almost 50,000 m², the development is located in a wooded area of pine, oak and carob trees, providing a very natural and typically Mediterranean environment to reside in.

The Can Aubarca development is offering this wonderful, unique design villa with architectural features that take into consideration the exact form and position of the plot. Special care has been taken to create a very comfortable home that enjoys privacy and unspoiled views.

While outside we find a private garden, pool, and parking facilities, inside we find beautiful interiors organised over 2 floors plus a basement with a garage. The living areas are located on the ground floor and include a spacious living room - dining room, a high-end kitchen and service quarters, as well as a guest toilet, pantry, utility room and a guest bedroom and bathroom.

The master bedroom, bathroom and dressing room are found on the first floor, along with 3 other ensuite bedrooms, a gym and a sauna.
