OVERVIEW

Sophisticated new build apartment with a large terrace and private pool in Santa Eulalia, close to one of the most beautiful beaches on the island.

Soon, Ibiza will become the home of Jade, a magnificent new development of luxury apartments. This residential complex will house a total of twelve exclusive homes, very close to the beaches of Cala Llenya and Cala Nova, and near the town of San Carlos.

The developers are already known on the island for their magnificent buildings, which stand out for their Ibizan style, high-end quality materials and accessories of the highest level. Likewise, this development combines elegance with sophistication and is presented as a perfect option as a second residence or as a primary residence.

This penthouse, located on the top floor, consists of 4 wonderful bedrooms and 4 bathrooms. The day area offers a spacious living room with an open kitchen, equipped with high quality appliances, and a practical laundry area. This bright room has a access to the outside, a space composed of an ideal terrace for sunbathing and a private pool to cool off in the hot months.

All homes have underfloor heating, underground parking and plenty of natural light. What's more, this new development has a large community pool in the common area.

As the building is only a few metres from the sea, you can reach the beach by a path in a minute. San Carlos is less than five minutes away, you can reach Santa Eulalia in approximately ten minutes, and the city of Ibiza in half an hour.

The homes are already for sale, do not risk missing this unique opportunity.
