OVERVIEW

Exclusive property with breathtaking sea views and the ultimate lifestyle features.

Located on a sloping plot of Ibiza, in the luxurious Vista Alegre development in Es Cubells, this exclusive and modern villa benefits from a privileged seafront location.

Due to its south-facing position, spectacular panoramic views are offered of the sparkling waters of the Mediterranean Sea and the island of Formentera.

The modern villa was designed by the South African studio SAOTA and is composed of four levels: on the lower ground level, one level under the patios, one above ground for the bedrooms, and the covered rooftop.

The architecture mixes natural elements such as wood and stone, which give a warm atmosphere, with contemporary elements such as steel and cement for a modern touch. This selection of the most exclusive materials and furniture combined with a soft colour scheme provide a peaceful and elegant atmosphere,

The interior spaces are connected to each other with the terraces via large sliding glass windows, offering a beautiful panoramic view of the infinity pool that seems to sink into the horizon. The natural side has been preserved and guests can enjoy the sea view being in the middle of typical Mediterranean gardens: one to the front, another to the rear and one on the ground floor with a courtyard.

This breathtaking property boasts the most advanced home automation technologies.
