**Recently renovated to the highest standards of quality, with 4 bedrooms kitchen and living area all on a single level, making flow and harmony the key features of this villa**

This stunning villa, originally built in 2005 and recently renovated to the highest standards, is perched atop the prestigious Can Furnet development, offering unparalleled views of the sea, Formentera, and Dalt Vila. Boasting a total of 786 m<sup>2</sup> of construction, including a 100 m<sup>2</sup> garage, the property provides 534 m<sup>2</sup> of usable space, mostly distributed on a single level—an architectural rarity in Can Furnet that ensures a seamless flow throughout the home.

As you descend from the garage to the villa, you are immediately greeted by breathtaking sea views, with the island of Formentera on the horizon. To the right, you'll find a spacious living area and one of the master suites. On the left, the kitchen and dining area lead to two additional bedrooms, with a second master suite situated at the far end. The home opens up through expansive floor-to-ceiling windows to a 70 m<sup>2</sup> covered terrace, seamlessly connecting to the impressive 150 m<sup>2</sup> pool area.

On the lower level, there are three more double bedrooms, along with various rooms that can be adapted for multiple uses, offering flexibility to meet the needs of any lifestyle. Space is abundant in this villa, where natural light, soft colors, and the essence of the Mediterranean merge to create an exceptionally inviting and luxurious atmosphere, making this a true haven for those seeking the finest in island living.
