## A Contemporary Collection of Homes in One of Estepona's Most Established and Well-Connected Areas

An elegant residential development of 43 two and three bedroom homes in Estepona, set in a thriving area close to the town centre, beaches, golf courses and a wide range of services, with carefully designed communal amenities focused on wellbeing and ever

This contemporary development comprises 43 homes with two and three bedrooms, set in a well-established area of Estepona. The architecture follows clean, simple lines, creating a balanced and understated presence that fits naturally into its Mediterranean surroundings.

The homes have been designed with an emphasis on space, light and everyday comfort. Living and dining areas open onto terraces through large windows, allowing natural light to flow throughout the interiors. Ground-floor properties include private gardens, while the upper levels offer open terraces that extend the living space outdoors. The layouts are practical and well considered, suitable for both permanent living and occasional use.

Shared areas are arranged to provide a calm and functional environment. Landscaped gardens frame the outdoor swimming pool, offering a pleasant setting for relaxation. The development also includes wellness facilities such as a gym, sauna and Turkish bath, as well as a communal lounge with an integrated kitchen that can be used for social gatherings or remote working.

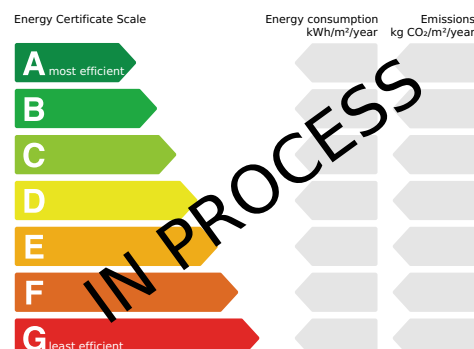

The specification focuses on quality and durability. Homes feature efficient insulation, double glazing and modern climate systems to ensure year-round comfort. Kitchens are fully fitted with contemporary cabinetry and integrated appliances, while bathrooms present a clean, functional design with carefully selected materials.

The location allows residents to enjoy the best of Estepona. The beach, marina and historic centre are all within close proximity, along with a wide range of shops, restaurants and services. Good road connections provide easy access to the rest of the Costa del Sol, making this an attractive option both as a main residence and as a second home by the sea.
