### OVERVIEW

**This model of contemporary style has a structure with straight and clean lines that make space and natural light available. This new built property is characterised by open spaces and where the big windows dominate the views over the sea.**

The property is built over three levels and, as well, it has a large under build, so you have that extra space when it is needed. The entrance is on the upper level, with space to park two cars and a lift that connects the entire house.

On the middle level we find three spacious rooms, to enjoy for the whole family; two of them with direct access to a large terrace and a bathroom to share, and the main room, with a spacious dressing room and en suite bathroom, private terrace to enjoy your privacy.

Going down to the ground floor, we are invaded by the sensation of comfort thanks to luminosity provided by its large windows. This marvellous open space is perfect for the whole family, where kitchen, dining and living room merge creating a spectacular path that leads to the big terrace.

On this level we also find a guest bathroom as well as a large pantry with laundry. The exterior is designed to enjoy, with a big infinity pool that blends with the ocean view and large spaces to enjoy your meals and dinners. You want to spend all day here.
