OVERVIEW

A 3 bedroom modern villa under construction in the perfect location in Javea, Costa Blanca.

Each house has a built area of 300 sqm, of which 200 sqm are inside space over two floors, and stands on its own plot of 1,000 sqm. In addition, each villa has its own driveway, so that optimal privacy is guaranteed.

The house is furnished according to the most modern and highest quality standards. The outdoor space is made for pure enjoyment, with covered terraces and open living areas to guarantee relaxed outdoor living from March to October.

The villa has 3 bedrooms and 3 bathrooms plus a guest toilet, a luxurious open kitchen, and a very spacious dining and living room that opens onto a beautiful covered terrace overlooking the garden and pool.

All materials have been carefully selected. In the design, there is a combination of innovation with character. The charm of the area can be seen in the many stone walls and authentic materials. With that, we build a villa to build a house that will really feel like a home. The design will therefore stand the test of time with flying colours and will only become more beautiful as the years pass.
