This 5-bedroom home enjoys an elevated position, offering lovely views across the bay and towards Montgo. The property is fully fenced, and a driveway leads up to the ample parking space for various vehicles, as well as a carport for 2 cars. This 2-level villa, comprises the main house and a separate apartment but can also be joined together as one, to make a large family home. The current layout could be very well suited for extended families or perhaps as guest accommodation or even as a rental opportunity.

There is a large underbuild storage room next to the carport, offering plenty of storage space and also holds a large water tank, using rain water for irrigation and for the swimming pool. From the carport, a staircase leads up to the main living area located on the left. A covered terrace, with seating and dining area, invites you to the front door of this home. Through the front door you are welcomed into the living and dining area leading into a fully equipped kitchen. From the kitchen, you have direct access to the back garden and barbecue area. A further bedroom is situated off the covered terrace, but could also be used as an office space, gym or games room, perhaps. The home benefits from two installed solar panels for hot water, air conditioning units and gas central heating.

From the covered terrace, a few steps lead up to the guest apartment, consisting of one double bedroom, with an en-suite bathroom, an open-plan living and dining area, as well as an equipped kitchen with lovely views of the Montgo mountain, the swimming pool and garden. The living space is luminous thanks to the many windows allowing for plenty of natural light.
