OVERVIEW

Beautiful, south-facing, 4-bedroom, renovated villa with spectacular garden, situated in the sought after residential area of the Montgo, Jávea.

Access to this wonderful property is via an electric gate, where you will immediately be impressed by the beautiful manicured garden. There is plenty of parking space as well as a carport. An entrance porch, with traditional tosca arches, welcomes you into the home.

The traditional tosca arches give the property charm and character, creating a unique and inviting atmosphere. This fabulous home offers both the modern and traditional style and enjoys the title of being the very first home built in the area of the Montgo.

A hallway leads into the brightly lit, open-plan living and dining area. Plenty of natural light floods into the home thanks to the many windows and its sunny southerly aspect. You can enjoy direct access out to the very large, partially covered terrace overlooking the swimming pool and garden, a fabulous space to enjoy dining with family and friends or relaxing in the shade under the electric awnings.

The interior of the property has been recently renovated, featuring modern bathrooms and a new, fully fitted kitchen, situated next to the dining area. The sleek design and high-quality finishes add a touch of luxury and sophistication to the home. The kitchen benefits from its own entrance door accessible from the parking area, making the unpacking of the supermarket shop an easy experience. A hallway off of the living area leads to three double bedrooms and two bathrooms, one bathroom en-suite in the main bedroom. All the bedrooms enjoy lots of natural light and access out to the large outdoor terrace, garden and swimming pool.

From the entrance hallway a staircase leads up to an outdoor roof terrace and a further staircase leads down to a separate apartment, complete with open-plan kitchen, living and dining area, a double bedroom and two modern bathrooms. There is also a large utility room, a machines/wine cellar/storage room and a further room that could be made into a fifth bedroom, games room or used as an office space. This apartment enjoys its own entrance door so could be great for guest accommodation, ensuring privacy and comfort for all. As it also enjoys internal access from the main level, it can very much be part of this large family home.
