OVERVIEW

Magnificent villa in a quiet and well located residential area, equipped with all the comforts and close to all amenities for sale in Jávea.

Lucas Fox presents this impeccable new build villa in a quiet residential area near Arenal in Jávea, with a completion date for early 2024.

The property has a constructed area of 391 m² distributed over three floors on a 1,414 m² plot, with a private pool, parking area, large gardens and terraces to enjoy the magnificent climate of Jávea without limits.

Upon entering the property, we find an entrance hall from where we can access the different rooms on the main floor or the upper floor through beautiful stairs.

On the main floor, we have a large dining room with a modern open kitchen and large windows that fill the entire room with light. Connected to the dining room, we have a bright living room with large windows that overlook the exterior terrace and the pool area. On the other side of this floor, we find a double bedroom with access to the covered terrace and a full bathroom. All rooms enjoy access to outdoor spaces, so they receive abundant natural light.

Going up to the upper floor we have access to three impressive double bedrooms, all with their own private bathrooms and dressing rooms. A luxury that guarantees maximum comfort, convenience and privacy.

The construction is completed with a 47 m² lower ground floor for multiple uses.

Exterior, there is a large infinity pool that presides over the large terrace and solarium, perfectly integrated and at the same level as the terrace and the main floor of the house. There is also a 10,000 liter cistern next to the pool's technical room, to guarantee access to water all year round.

The house is equipped with underfloor heating and ducted air conditioning, both powered by an efficient aerothermics system, which is also supported by photovoltaic solar panels for electricity generation. In this way, maximum energy efficiency and an environmentally sustainable property are obtained, since it also has a charging point for an electric car . It also has a home automation system and automated lighting control, irrigation and air conditioning system, among other functions. Finally, it has an alarm system, video intercom, telecommunications, antenna and data.

It is therefore an excellent opportunity for those looking for a spacious, modern, high-quality house perfectly equipped, with all the comforts and close to all the amenities and beaches of Jávea.

Don't miss this spectacular property and contact us to schedule a visit to this unique property .
