Excellent 8-bedroom property for sale in Jesus Pobre, Dénia, Costa Blanca

Idyllic 8-bedroom country estate with two identical homes, pool and olive grove situated in the town of Jesus Pobre, near to all amenities.

Set within a peaceful natural environment surrounded by Mediterranean vegetation, this estate offers privacy, sustainability and a genuine connection with nature. Situated on a plot of more than 15,000 m², the property comprises two identical detached homes, with a total of eight bedrooms, four bathrooms and two guest toilets, separated by a large terrace and an inviting 8 x 4 metre heated swimming pool.

A private access road leads directly to the residences, which benefit from ample parking and a double carport. Each house is arranged over two levels. Upon entering, a welcoming hallway leads into a generous open-plan living, dining and fully equipped kitchen area, creating a wonderful space for entertaining family and friends. Natural light floods the interiors, with direct access to the spacious terrace from the main living area. The ground floor of each home features three double bedrooms, a family bathroom and a practical guest toilet. Thanks to the south-west orientation, both properties enjoy abundant sunshine throughout the day, enhancing the bright and airy atmosphere.

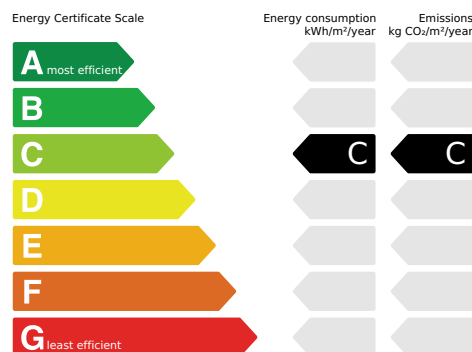

Upstairs, a spacious main suite with a private bathroom opens onto its own terrace, providing the perfect setting for a morning coffee or an evening drink while taking in the peaceful surroundings. This level also benefits from a second expansive living area with access to another terrace offering wonderful open views across the countryside towards the sea. The versatile layout makes the homes ideal for extended family living and guest accommodation, providing both privacy and flexibility.

The estate has been thoughtfully equipped to support sustainable and energy-efficient living. Solar panels help keep electricity costs low, while a private 200-metre-deep well ensures a reliable water supply. There is also a 10,000-litre water storage tank, and the property benefits from an ultraviolet filtration system. One of the houses has underfloor heating throughout both levels, while the second enjoys underfloor heating on the ground floor, a pellet stove in the living area and gas central heating on the upper level. There is also a 1,000-litre diesel tank.

The outdoor area is a true sanctuary for nature lovers. The grounds offer countless places to sit, relax and appreciate the surrounding landscape. Whether listening to birdsong, reading beneath the shade of the trees or spending time in the dedicated yoga and meditation area, the atmosphere is one of complete tranquillity. The olive grove provides the opportunity to produce olive oil, while the extensive land offers ample space for growing fruit and vegetables, making a self-sufficient lifestyle a genuine possibility. The property also benefits from a strong and reliable Wi-Fi connection, making it equally suited as a permanent residence, holiday retreat or remote working haven.
