## Lagos Homes

**Lagos Homes, an exclusive residential development of 73 unique high-end homes on the eastern coast of Malaga.**

Located in the coastal town of Lagos, this exceptional new development enjoys an elevated position just minutes from the beach, offering tranquillity, open views and close proximity to the Mediterranean. Set on the eastern coast of the Costa del Sol, the location combines natural beauty with convenient access to one of southern Europe's most desirable regions.

The first phase introduces a limited selection of semi-detached two-storey homes, each with four bedrooms, private gardens and swimming pools. Clean architectural lines, abundant natural light and seamless integration with the outdoor environment define these properties, creating a relaxed Mediterranean lifestyle throughout the year.

Part of a wider residential project on the eastern coast of Málaga, the development is situated in a well-connected area with strong growth potential. The broader scheme includes a total of 73 homes, ranging from detached villas to multi-family residences and semi-detached properties, all designed with a focus on comfort, contemporary architecture and quality of life by the sea.

Each residence offers a warm and inviting atmosphere, with outdoor spaces designed for both privacy and social living. Private pools are set within individual gardens, providing an ideal setting for leisure and entertaining, while enhancing the sense of exclusivity within the home.

Built to high specifications, the homes combine modern design with advanced energy efficiency and premium materials, ensuring comfort and sustainability. A selection of customisation options is also available, allowing each property to be tailored to individual preferences and lifestyle requirements, creating a home that reflects contemporary living at its finest.
