Los Satélites

A new development of Houses / Villas for sale in Majadahonda, Madrid with a starting price of €1,500,000

Lucas Fox presents Los Satélites, an exclusive new build development consisting of only four independent single-family villas, each with a private plot of approximately 520 m², a swimming pool and spacious outdoor areas designed to enjoy everyday life in complete privacy.

This project promotes a peaceful and uncrowded lifestyle in a well-established residential area, surrounded by nature and perfectly connected, ideal for those seeking quality of life and open spaces without sacrificing proximity to the city.

The homes are being developed through self-build schemes, allowing for a high degree of customization. The project is based on two carefully designed architectural typologies, which allow for adapting both the interior layout and the quality and finishes to each owner's preferences.

The homes benefit from ample space, with living areas of around 210 m² spread over two floors. They also receive plenty of natural light and offer direct access to the outdoors. Each plot includes a private garden, swimming pool, porch area, and parking space within the building.

The day area is designed as an open-plan space integrating the living room, dining room, and kitchen, with direct access to the exterior. Meanwhile, the bedroom area houses several bedrooms, including a main bedroom with an en-suite bathroom and dressing room. This provides a comfortable and functional layout.

The final price of the homes may vary depending on the qualities, layout and customizations chosen by the client within the self-build process.
