## Excellent 8 Bedroom house / villa for sale in Ciudadcampo, Madrid

Lucas Fox is pleased to present this wonderful detached villa with an impressive garden located in the prestigious Santo Domingo Development

Located in an excellent location within the development, we find this wonderful villa of more than 600 square meters, set on a corner plot of more than 3,000 square meters, in which the spacious property and its large garden area stand out.

The property, built with very high quality materials, has 8 bedrooms, 8 full bathrooms and two toilets.

On the entrance floor, there is a spacious hall, a study/ dining room with a fireplace and direct access to the exterior area, a large living room with direct access to the garden and connected to the magnificent, fully renovated and equipped kitchen, which also features underfloor heating. This floor also includes three large bedrooms, all with en-suite bathroom, as well as two additional rooms and a guest toilet.

The first floor comprises three spacious bedrooms, each unique but all boasting a terrace and excellent views. The master bedroom stands out for its size and layout. This floor also includes a large multipurpose room with a toilet.

The basement floor offers two spacious multipurpose rooms, suitable for use as a wine cellar, cinema, gym, or nightclub, as well as three additional rooms, one of which is ideal as a staff quarters with a full bathroom. It also features a large covered garage with direct access to the property.

The impressive exterior area, with direct access from the kitchen, living room, and several bedrooms, offers spectacular views and ample open space. Adjacent to the kitchen and living room is a lovely covered porch overlooking the magnificent lawn and saltwater pool. The exterior area also features other spaces to discover, filled with lush vegetation and verdant shrubs.

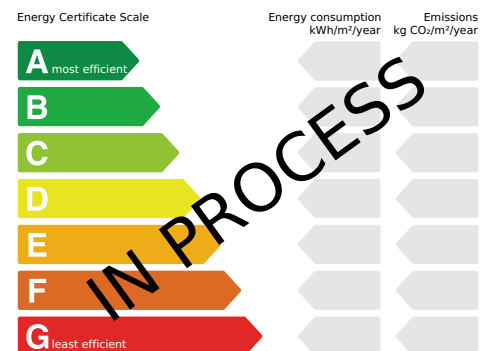

In this exterior area there is also space to park several vehicles under cover, thanks to the pergolas provided for this purpose.

The property features solar panels, mains gas heating, air conditioning in almost every room, built-in wardrobes, and high-quality woodwork, windows, and flooring. In addition, various renovations have been carried out to improve the design, energy efficiency, and comfort of the property.
