Los Satélites

A new development of Houses / Villas for sale in Majadahonda, Madrid with a starting price of €1,500,000

Lucas Fox presents Los Satélites, an exclusive residential development consisting of only four independent single-family homes, each with a private plot of approximately 520 m², a swimming pool and spacious outdoor areas designed to enjoy everyday life with complete privacy.

This project promotes a peaceful and uncrowded lifestyle in a well-established residential area, surrounded by nature and perfectly connected, ideal for those seeking quality of life and open spaces without sacrificing proximity to the city.

The homes are being developed through self-build schemes, offering a high degree of customization. The project is based on two carefully designed architectural typologies, allowing for the adaptation of both the interior layout and the quality and finishes to each owner's preferences.

With living areas of approximately 210 m² spread over two floors, the homes are notable for their spaciousness, abundant natural light, and seamless connection between indoor and outdoor spaces. Each plot includes a private garden, swimming pool, porch area, and parking space within the building.

The day area is conceived as an open space that integrates the living room, dining room and kitchen, with direct access to the exterior, while the bedroom area houses several bedrooms, including a master suite with bathroom and dressing room, in a layout designed for comfort and functionality.

The final price of the homes may vary depending on the qualities, layout and customizations chosen by the client within the self-build process.
