Excellent 2 Bedroom apartment for sale in Miami

A landmark collection of ultra-luxury branded residences redefining Miami's skyline and lifestyle.

Waldorf Astoria Residences Miami is a visionary project that redefines the concept of luxury through a unique fusion of iconic architecture, world-class service, and a global lifestyle.

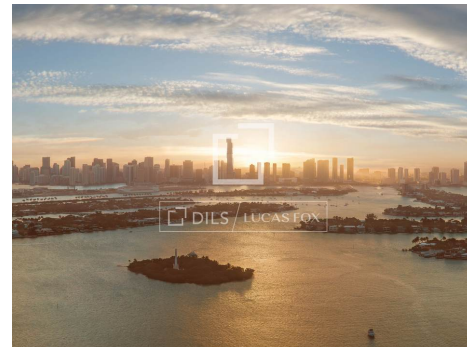

Rising 100 stories above Biscayne Bay, this sculptural tower—conceptually designed by Carlos Ott in collaboration with Sieger Suarez Architects—stands as one of Miami's new architectural landmarks. Its distinctive composition of staggered volumes creates an unmistakable silhouette on the skyline, while maximizing panoramic views of Downtown, Miami Beach, and the Atlantic Ocean.

Backed by the timeless legacy of the Waldorf Astoria brand, the residences offer an exceptional living experience based on over a century of hospitality excellence. The project combines contemporary design, high-end materials, and advanced technology to create sophisticated, light-filled, and fully functional homes.

The interiors, designed by the prestigious BAMO studio, have been conceived to maximize spaciousness and natural light, with large floor-to-ceiling windows and carefully selected finishes. The residences also incorporate state-of-the-art home automation systems that allow for complete home customization.

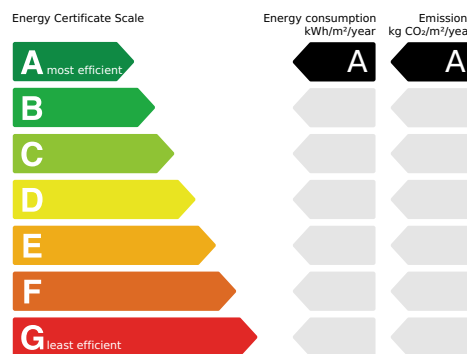

Residents will enjoy an unparalleled level of service, with 24-hour attention, exclusive spaces, and a full range of amenities designed for well-being, leisure, and social life. Every detail has been designed to offer a unique residential experience, characterized by comfort, privacy, and excellence.

Located in the heart of Downtown Miami, one of the most dynamic and rapidly transforming districts in the United States, this project offers immediate access to the city's main financial, cultural and leisure centers, establishing itself as a unique opportunity in the international real estate market.
