OVERVIEW

Spacious apartment with large windows in a fantastic location within a classic building in the elegant Almagro neighbourhood.

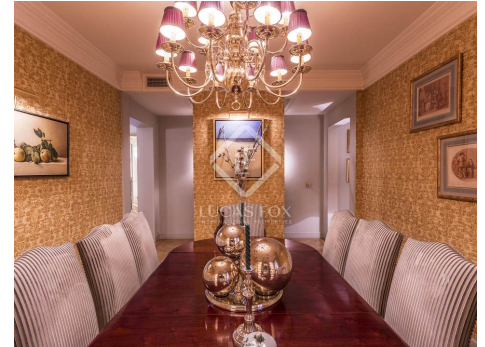

This magnificent apartment is located on the third floor of a classic 1930's building on one of the most emblematic streets of the sophisticated neighbourhood of Almagro, in Chamberí, a few metres from La Castellana. It is a wide tree-lined street and surrounded by prestigious businesses, services of all kinds and public transport.

The building, which has a doorman, has an impressive historical facade and a very elegant entrance with marble and listed original windows. The apartment is in very good condition as it was completely renovated in 2000 to the liking of the current owners, but due to its large dimensions (411 m² and 315 m² built) can be reorganised in practically any way that suits the preferences of the new owner.

With the current layout, it has a huge entrance, a hall for guests and a large living room with 3 windows over the street separated by sliding doors of the large library, which also has a window. Next we find a large dining room for more than 10 people, 2 large bedrooms with bathroom and dressing room, another bedroom, a guest toilet and kitchen with separate laundry area, guest toilet and separate entrance.

In addition, the apartment enjoys nice open views with west orientation and has central heating and air conditioning ducts and split-type units in some rooms.

This home would be perfect for large families thanks to its proximity to all types of services and its size, with many redistribution options to adapt to your needs and preferences. It would also be an interesting investment due to its magnificent location in a prime area of Madrid.
