OVERVIEW

Unique project with incredible architecture, stunning sea views and a guest apartment, for sale close to the centre of Malaga.

Located in Cerrado de Calderón in the East of Malaga, this unique and futuristic project stands out not only for its cutting edge design but also for the stunning sea views. The 16,000m² plot is located within a Green Zone from which there is easy access to the motorway, city and beaches. The project offers stunning views towards the bay of Malaga and the grounds provide a relaxing natural setting.

The main house consists of a spacious living-dining area, with incredible sea views, and the beautiful fully-equipped kitchen. Floor to ceiling patio doors open onto vast terraces with the saltwater pool and barbecue area. A laundry room and bathroom complete this lower floor.

A lift and staircase connect each floor. On the upper floor we find the impressive master bedroom with an ensuite bathroom and dressing room plus 2 further double bedrooms and 2 bathrooms (currently one large bathroom which could be divided in 2). Each bedroom benefit from built in storage and lovely views.

The basement has a parking area with capacity for two cars and a recreational area ideal for use as a gym or home cinema.

An independent 2-bedroom guest apartment with a living room, kitchen (with access to the outside) and 2 bathrooms provides perfect guest accommodation with total independence from the main house.

With stunning architecture and incredible views, this is fantastic option for those seeking a unique home with easy access to the centre of the city.
