OVERVIEW

A new development of Apartments for sale in west-malaga, Costa del Sol with a starting price of €3,750,000

Lucas Fox presents Sierra Blanca Tower, a building with an impressive height of 80 meters and 21 floors that is located on the front line and houses a total of 71 homes.

This sublime residential project offers three types of homes, built with the highest standards of quality and innovation on the market: Sky Apartment, Deluxe Apartment and Branded Penthouse. All homes are characterized by having large spaces, with top-level finishes and noble materials. They enjoy abundant natural light, since the floor-to-ceiling windows allow the entry of abundant natural light. All homes have covered and outdoor terraces, with sea views and southerly aspect. Some of them include a private pool

In this way, they offer homes with 1, 2, 3 bedrooms with terraces of an average of 50 m² and homes with 4 or 5 bedrooms, with up to 4 bathrooms and an area of almost 500 m² that includes a private jacuzzi.

Every detail has been meticulously selected to guarantee maximum comfort and quality of life: from the high-quality rectified porcelain stoneware, the interior carpentry in stained oak wood, the Schüco exterior carpentry with exceptional thermal and acoustic insulation, to the lifting and/or folding sliding doors and windows. It is also worth mentioning the blinds and curtains controlled by home automation, which adorn most of the rooms. On the other hand, the kitchens of the renowned Italian brand Aster can be customized and are equipped with Miele appliances. Furthermore, the apartments also have underfloor heating, which works with an advanced aerothermics system, while the air conditioning guarantees high energy efficiency.

Likewise, all homes are assigned a parking space, although some include up to four.

Sierra Blanca Tower also offers its owners a series of exclusive amenities worthy of a five-star resort, with the highest standard of excellence in Malaga, all at your fingertips. These amenities include a fully equipped spa with natural fir sauna, steam bathroom, hot stone, mist shower, tropical shower, ice fountain, and indoor heated pool.
