OVERVIEW

In one of the most emblematic streets of Malaga and next conversion to Pedestrian Street, we have this completely modernized property

With an area of 125 square meters, after the entrance we have a huge loft-like surface in which we have a living room, dining room, open American-style kitchen, in which we can see the wooden structure of the building, both the pillars and the beams in ceiling.

This property also has the advantage of enjoying an interior patio, to which we have the windows of two of the bedrooms, each with its own bathroom. The third bedroom has one of the four huge windows that open to the outside.
