OVERVIEW

231 m² property that occupies half the floor of one of the best located buildings in Malaga.

In one of the classic buildings on the famous Marqués de Larios street, we find this gem of classic Malaga architecture.

Located on a famous street and on one of the most important squares in Malaga, this property is a perfect example of a combination of the classic, such as high ceilings and traditional architectural details, and the modern, with double-glazed windows, temperature control and integrated sound system.

Behind the huge entrance door, we have a hall, from which we can go to one of the bedrooms, used as an office, a first living room, and the access hallway to the bedrooms, bathrooms and kitchen of the home.

After the first room, we have the huge living-dining room that occupies the corner of the building, with its huge windows and balconies to the outside.

The sleeping area consists of three additional bedrooms, each with its own balcony, with two bathrooms and a huge kitchen, the size of which was increased by integrating an additional bedroom.
