3-bedroom apartment for sale in Malagueta

Unique 3-bedroom apartment, with a lot of history, an unbeatable location and with incredible views for sale in the heart of Malaga.

This apartment is located in one of the most emblematic baroque buildings of the late seventeenth century in Malaga, located in the epicenter of this historic city. This is a unique opportunity to acquire a part of a historical building, generally reserved for public institutions.

Upon entering the large entrance and reception area of the building, we find the majestic central courtyard with its large columns and its impressive height. The property can be accessed on the second floor by the wood-panelled lift or by the wide, palatial-style stairs. The historical nature of this building is felt through the imposing architecture and the attention to detail.

The entrance door of the home, which is a piece worthy of a museum, opens to reveal a hall with views of the ivy-covered interior courtyard, as well as the main entrance to the large living room. The living room stands out for its large size, with a fireplace and large windows with exterior views. It has two large entrances with double doors to access from the corridor, as well as a dining room attached to the back.

Following the corridor with windows towards the interior patio with its mature vegetation, we reach the access staircase to the upper floor, as well as a spacious kitchen and the living room. The kitchen has a service door with its independent stairs accessible from the outside. Next to the living room, we have the master bedroom with its large private bathroom.

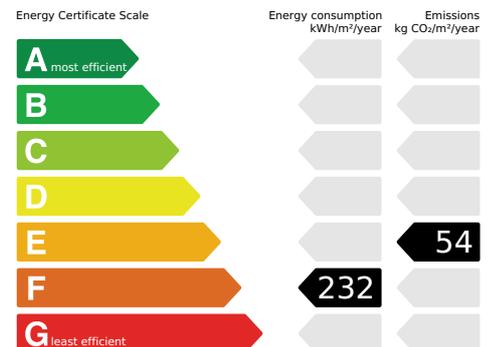

After the access stairs to the upper floor, we come to a hall with large double doors that offer us incredible views and direct access to a huge terrace. In this hall, there are two additional bedrooms, one of them with a private bathroom.
