Modern villa for sale in Antequera, near Villanueva de la Concepción, with impressive views of Sierra de las Nieves, Grazalema, Sierra Nevada and 30 minutes to Malaga

Luxurious 5-bedroom, 5-bathroom villa with pool and garden for sale in a privileged spot in the Serranía del Torcal in Antequera.

Lucas Fox presents this spectacular house with special architecture and character, located in Antequera, Malaga, with beautiful views of the Sierra de las Nieves, Sierra de Grazalema and Sierra Nevada. It also enjoys views to the rear of the Sierra de El Torcal Natural Park.

This villa stands out for its tranquillity and privacy, just 45 minutes from Malaga international airport and the historic centre of the city, as well as a short distance from other towns such as Granada, Ronda or Córdoba.

The villa offers large and mature gardens, orchards and an olive grove with 400 trees that generate significant amounts of olive oil; a characteristic delicacy of Andalusia.

The interior presents open and airy spaces, with the large living-dining room with the open kitchen and with its large windows that frame the views of the surrounding nature. Thus, you can rest quietly on the sofa with the fireplace, while enjoying the beautiful views. In the avant-garde style kitchen, it is worth highlighting a display case for 100 bottles of wine, champagne, cava, sparkling or whatever you want and a professional Wolf Sub Zero range refrigerator.

As for the night area, in the western part of the villa, we find two guest bedrooms on the ground floor of the house and an additional one of greater dimensions, all with private bathrooms. At the front, there is a gym area with panoramic views. These areas have parquet floors made of Iroko wood.

On the other side of the house, there is a guest toilet, laundry room, pantry, service bedroom with its own bathroom. The first floor houses the master suite. It is distributed in an office, library, double bedroom, bathroom, dressing room and a fantastic terrace with incredible views.

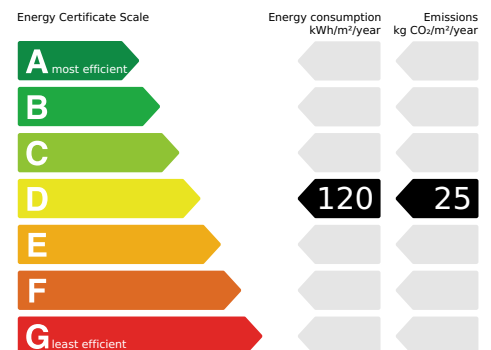

Outside the house, we will have a chill-out area, kitchen, large barbecue dining room, and we appreciate the gardens and mountains. We also have a large garage for two cars, a storage room and a heating room.

In the lower area of the garden, there is the 17 X 8 meter pool that has an Eco-Smart cleaning system and a chill-out area. The garden area has an automatic irrigation system, two water wells, as well as running water and electricity.
