The Garden Homes project comprises a set of 40 houses, spacious and bright, with extraordinary views of the sea and the Sierra de Mijas. From €585,000 you can find homes with modern, up-to-date and innovative architecture and with large windows to enjoy these wonderful views and sunsets.

The development is based on the importance of creating communities that are interested in protecting and respecting the environment, while offering an excellent lifestyle based on well-being.

The vegetation is one of the most important parts of this project, so next to your home you will have the possibility of collecting different types of aromatic herbs and fruits (avocados, orange, lemon, pomegranate, almond, etc.) cultivated in a natural way and organically, since today the most important thing is our health and nutrition.

Enjoy your new home in the most exclusive resort on the Costa del Sol.
