€2,500,000 Penthouse - Sold

Excellent 5-bedroom penthouse for sale in Málaga

Property of 280 square metres, completely renovated, the result of the ingenuity of the architect Antonio Álvarez Gil (known for the renovation work of the Customs Museum in Malaga) as his ideal home in Malaga.

The property is characterised by its modern architectural style, ample space and ingenious use of quality materials imported and used throughout the property.

After the entrance, we have a spacious hall, characterised by the natural light offered by the fully glazed terrace and the large central stucco wall, which acts as the main support for the huge gabled wooden ceilings that dominate the property.

With a large open-plan Loft-type area, more than 20 metres long and almost 4 metres wide, along the south side of the building and illuminated by 8 huge windows, where we have a modern, fully equipped American-style stainless steel kitchen.

Throughout the property, we have 30-millimetre thick solid Lapacho wood floors imported from Paraguay for this project, a perfect combination with the gabled wooden ceilings.

Next to the entrance, we have the guest bedroom with its own bathroom en suite and windows to the terrace.

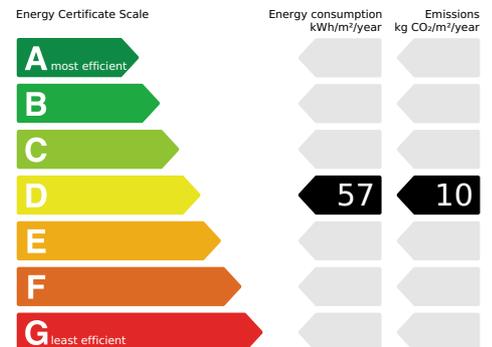

The rest of the bedrooms are located behind the solid stone wall, next to the glazed terrace, where we have a large bedroom, the result of the union of two exterior-facing bedrooms and a bathroom, with windows to the terrace and the in the background the main bedroom with its own bathroom and dressing room.

Next to the stone wall, which comes from an old quarry in the outskirts of Salamanca, we have folding stairs, which access two additional rooms on the top floor of the building, as well as a tower with a wooden ceilings with incredible views of Malaga.
