OVERVIEW

Stunning property located in a highly exclusive complex in Malaga East, with unbeatable views and a plot of over 3,095 m², adjacent to the golf course and El Candado marina.

This luxurious house is a true masterpiece, featuring a covered surface area of approximately 355 m², with ample space to accommodate all your needs. The main house has 2 bedrooms, each with en-suite bathrooms, and there are an additional 2 bedrooms for service staff and guests.

The main bedroom is particularly impressive, boasting a spacious dressing room and bathroom with lavish amenities such as a hydromassage bathtub, shower cubicle, and sauna. The villa also has 2 fully equipped kitchens, a magnificent living room with a cosy fireplace, and special spaces such as a billiard and games room with its own fireplace or a heated indoor pool (which is currently used as a gym).

This villa is a true testament to luxury living, with many comforts and details that make it stand out from the rest. It is equipped with a lift for easy access to all floors, air conditioning to keep you comfortable throughout the year, and automated blinds that can be controlled with a touch of a button. The walnut root carpentry and Arabesque marble floors with friezes add to its opulent appeal. For added security, there is surveillance equipment installed throughout the property, and there is a garage for several vehicles with direct access from the lift.

If the interior of the house is impressive, the outdoor areas are equally breathtaking. The property is surrounded by a stunning garden with towering trees that are over 4 decades old. The garden also features porches, marble benches, and a stately balustrade that enhances its grandeur. A saltwater pool adds to the outdoor oasis, from which you can enjoy the breathtaking city views. With all these features and more, this house is truly a dream come true.
