OVERVIEW

Extraordinary property, designed by the former owner Seth Fellner, situated atop a hill with spectacular views of the surroundings, consisting of a large plot with 2 separate houses.

Fellner is the founder of Silver Stage, originally creating ingenious structures for his travelling circus, which used this location as its headquarters and for all training sessions during the off season.

You can see Fellner's attention to detail throughout the property, in the main house with its open floor plan, fully equipped kitchen, central fireplace, and large windows with direct access to a spacious terrace boasting spectacular views. On the lower level, there are two bedrooms and two bathrooms, and on the top floor, a loft style bedroom with yet another spectacular terrace.

The second house, originally an open multipurpose loft space, still has the remanence of its circus days with a large rounded wooden floor by the entrance, that hides a trampoline.

Currently, it has been redistributed into a two-bedroom house.

Another large structure near the properties is the workshop, where the owner put his engineering genius to good use. You can see one of his creative pieces above the entrance.

Located on the top of this hill and with over 10,000sqm of land, it has plenty of garden space, privacy and incredible views of the surroundings area. Providing the perfect place for the infinity pool.

It also has some other shaded section with additional accommodation in the form of a trailer.

Please contact us for further information about this truly unique property and to arrange a viewing.
