This unique property, with 360 square meter terrace, 153 m<sup>2</sup> of property, 513 m<sup>2</sup> total, totally renovated into a stunning 2-bedroom home with spectacular views of the coastline, is truly one of a kind on the Costa del Sol.

In terms of location, this home is ideally situated close to a wide variety of shops, services, restaurants, the Parque de la Paloma, the famous Puerto Marina and spectacular beaches, ensuring that everything you need is just a few meters away.

The complex, together with its community pool, green areas and parking, is considered one of the most outstanding buildings in the area; and the house has one of the largest roof terraces, for the exclusive use of the owners.

The house was tastefully designed by its owner, who happens to be an architect, to make the most of its south-facing position and its impressive sea views. Using the best materials and finishes available, this home is a must-see for those seeking the epitome of luxury.

Upon entering the home, you are greeted by the distinctive, fully equipped circular kitchen, which merges perfectly with the living/dining room. The entire space is bathed in natural light that enters through its large double-glazed windows.

To the left of the entrance, there are two generously sized bedrooms, each with its own bathroom; and both offer stunning sea views. The master bedroom has a stunning en-suite bathroom and a large dressing room.

In addition, the home offers direct access to the centerpiece of this extraordinary residence: an incredibly spacious terrace with views of the sea and the mountains, perfect for holding pleasant meetings and enjoying the splendid climate of the region all year round.
