OVERVIEW

Stunning, elegantly decorated villa with 6 bedrooms, each with ensuite bathrooms and a private pool, for sale 30 minutes from Malaga and 30 minutes from Marbella.

Lucas Fox is pleased to present this property in the heart of the Andalusian countryside : a stunning, fully renovated farmhouse that perfectly combines traditional rustic charm with modern amenities.

The farmhouse is located on an elevated building with panoramic views of the mountains and meadows, in a peaceful setting just 7 minutes from Coín and 30 minutes from both the centre of Málaga and Marbella. Access is quick and easy from the main road. The private entrance with automatic gate is framed by colorful bougainvillea and a path lined with palm trees and oleanders.

The farmhouse is spread over three floors and is built around a charming central courtyard that houses a spectacular 14-meter heated, covered saltwater pool surrounded by Moorish arches reminiscent of Andalusian tradition. Adjacent to the pool is a large exterior kitchen with a bar area, barbecue, and wood-burning oven.

The main property stands out for its spaciousness, natural light, and elegance. On the ground floor, an open-plan space encompasses the living room, dining room , and kitchen, with direct access to both the patio and the large covered terrace with multiple relaxation areas. Every detail has been carefully selected, from the solid wood floors to the hand-carved stone walls.

The property features six bedrooms, each with its own unique personality. The master bedroom occupies the upper floor , with a private living room , double dressing room, private bathroom , and a large sun-facing terrace. Ground floor are two more bedrooms with private bathroom and dressing rooms, while the lower floor houses three more bedrooms, a second living room with a kitchen, a gym, a home theater, an office (convertible into an additional bedroom), a wine cellar with handcrafted wrought iron doors, and a laundry room with direct access to the garage.

The garden surrounding the house is exquisitely landscaped, with century-old trees, a fruit vegetable garden with an automatic irrigation system, and a decorative fountain that collects rainwater and spring water.
