Off-plan 2-bedroom ground floor apartment with private spacious terrace and premium amenities in a prime costa del sol location – delivery Q2 2027

Contemporary off-plan ground floor apartment with 2 bedrooms, private terrace and elegant open-plan interiors, set within a modern residential complex with resort-style amenities and excellent connectivity on the costa del sol

This off-plan ground floor apartment has been conceived to offer a refined balance between contemporary design and Mediterranean lifestyle. Scheduled for delivery in Q2 2027, the property presents a unique opportunity to secure a modern home in one of the most dynamic residential areas of the Costa del Sol, combining comfort, functionality and long-term value.

The interior layout is designed around an open-plan concept, where the living, dining and kitchen areas flow seamlessly towards a generous terrace and private garden. This outdoor space becomes a natural extension of the home —ideal for relaxing, entertaining or enjoying the mild climate throughout the year, surrounded by open views of the landscaped communal areas and nearby natural surroundings.

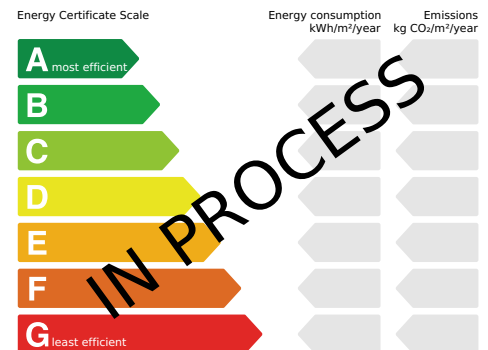

The two bedrooms offer a balanced combination of comfort and privacy, with carefully designed proportions and built-in storage. The property incorporates high-quality finishes, including large-format porcelain flooring, double-glazed windows with thermal-acoustic insulation and a fully fitted kitchen equipped with modern appliances. Bathrooms feature refined materials and, in newer phases, underfloor heating for enhanced comfort.

Set within a contemporary residential complex, the development has been designed to provide a complete lifestyle experience. Landscaped gardens, swimming pools, gym, sauna and leisure areas create an environment where wellbeing and everyday living coexist effortlessly, making this property equally attractive as a primary residence, holiday home or investment opportunity.
