OVERVIEW

A new development of apartments and penthouses for sale in Real de La Quinta resort, Benahavis. Palmitos is a small, exclusive project of luxury apartments and penthouses, with stunning views across the resort to the Mediterranean Sea.

Palmito is the third development in the Real de La Quinta resort and consists of 3 buildings and a total of only 16 apartments. In low rise buildings with just 3 floors, these apartments are very spacious and boast an exquisite modern design with parking and storage included, designed by a renowned architect: Rafael de La Hoz.

From their prime, elevated position at the southern part of the Resort, Palmitos apartments enjoy exquisite views across the golf course to the lake and Lake Club, La Concha Mountain and the Marbella coastline.

Generous living areas and large terraces create a sense of space and freedom encouraging outdoor living as well as interior comfort and, with no more than 6 apartments per building, each apartment enjoys the benefits of having only one adjoining neighbour. Real de La Quinta is the first project in Spain that has received the infrastructure planning certificate issued by BREEAM, the leading global sustainability assessment organization.

The apartments range in size from 245 sqm to 475 sqm, with large terraces of up to 290 sqm. Ground floors are elevated, and penthouses can have custom-designed rooftop terraces with private pools.
