## New build villa for sale with highest building standards and exquisite architectural design and amazing views of the Mediterranean and African coast in La Quinta, Benahavis

**Environmentally sustainable villa with luxury minimalist design in a new landmark residential country club, La Quinta Real resort, where nature and the modern world coexist in perfect harmony.**

Set in one of the most privileged elevated locations on the Costa del Sol, this remarkable villa redefines contemporary luxury living. Surrounded by untouched nature, the property enjoys open panoramic views over a tranquil lake, the Mediterranean Sea, and, on clear days, Gibraltar and the African coastline, creating a truly breathtaking backdrop for everyday life.

The architecture has been conceived with a holistic vision, where design goes far beyond aesthetics and becomes a lifestyle statement. Clean lines, open-plan living and a seamless integration between indoor and outdoor spaces define the home. Floor-to-ceiling glass façades allow natural light to flood every corner, while disappearing window systems blur the boundaries between interior comfort and the surrounding landscape.

The main living area is a striking, open-concept space that surprises from the moment you enter, combining sculptural design elements with carefully curated artistic features. A modern fireplace adds warmth and character, while the living and dining areas flow effortlessly towards the infinity pool and expansive terraces, making the views the true focal point. Every detail, from bespoke lighting to natural materials, has been thoughtfully selected to create an immersive and sophisticated atmosphere.

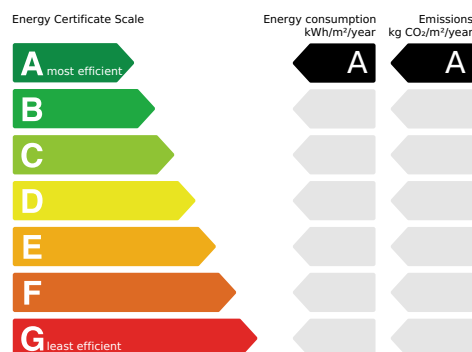

The kitchen is both functional and visually refined, equipped with high-end appliances and designed as a place to be enjoyed, not just used. Facing the sea and connected to an outdoor dining area, it elevates the everyday culinary experience. The indoor-outdoor concept extends throughout the property, including a private garden gym and a fully equipped spa area with heated indoor pool, jacuzzi and wellness spaces.

The master suite transcends the traditional concept of a bedroom, offering a six-star resort-style experience. Featuring a floating fireplace, private lounge area and direct access to a panoramic terrace, it becomes a sanctuary of comfort and privacy. The en-suite bathroom is designed as a spa, combining luxury with nature. The villa is completed with underfloor heating, advanced home automation, marble flooring, high-quality carpentry and every modern convenience expected in a property of this calibre.
