### OVERVIEW

## 4-bedroom modern terraced house with garden and fantastic views of Barcelona.

Built in 1999, this terraced family home is filled with natural light and offers good views of Barcelona. The house is distributed over 4 floors.

On the ground floor the front door leads through to the living-dining room with a log fireplace and large sliding doors to both front and rear gardens. Also on this level is the kitchen and a guest toilet.

On the first floor there is the master bedroom suite, 2 further double bedrooms, a single bedroom and a family bathroom.

On the second floor we find a multipurpose space which could be used as a study or further bedroom and has access to a roof terrace with wonderful views of Barcelona and the sea.

In the basement there is a garage with parking spaces for 2 cars plus motorbikes, and a large laundry and storage room.

Outside, the low-maintenance front garden has wooden decking and a swimming pool. The rear garden offers an alternative summer dining area in the shade.

The property would make a good family home or a possible investment for rental.
