OVERVIEW

A spectacular period property, fully remodelled in 2017, just 2 minutes' walk from the beach.

Originally dating back to 1912, this attractive townhouse is distributed over 4 floors, connected by a lift. The house was virtually rebuilt in 2017 and now combines contemporary living spaces with its many original features.

On the ground floor, the entrance hallway leads through to an open-plan living/dining/kitchen space with high ceilings and mosaic tile floors. From here, floor-to-ceiling glass doors lead out to the patio garden. Also on this floor is a double bedroom with en-suite bathroom and a further guest bathroom, currently used as a laundry room.

On the first floor there is the master bedroom suite featuring a dressing room, separate bathtub and WC rooms, and doors to a terrace. There is a further bathroom and large double bedroom which can be easily converted into 2 bedrooms.

The main living room with a glass partition from the dining room, which leads out to a terrace with sea views, is on the second floor along with the contemporary main kitchen featuring a practical central island.

The basement offers around 100m² of further living space which can be designed according to the buyer's needs. It has direct access to the rear garden.

The house has been built to a very high standard and features a hot/cold air conditioning and heat exchange system on each floor, high quality aluminium windows and indirect lighting.

It is located just 2 minutes' walk from the beach and train station and would make an excellent primary residence or summer beach property.
