4-bedroom house with sea views for sale in Cabrils, Barcelona

Fantastic detached house located in a prestigious development in Cabrils, with a private pool and a wonderful garden with sea views.

This house, located on a 1,669 m² plot, is situated between Mont Cabrer and Sant Crist, a prestigious area of Cabrils.

The house was built in 1972 and has four bedrooms and four bathrooms.

The built surface area reaches 470 m². The general structure is in good condition, although some rooms require an update.

The property has two entrances from two different streets.

The rooms in the house are located on different levels and divided with semi-open walls, which create a feeling of more space and light. The whole house has large windows that provide lots of light and allow you to enjoy the incredible views.

The main floor consists of a spacious living room with fireplace, with access to a covered porch. Next to the dining area there is a comfortable kitchen with access to another porch with a barbecue area. The kitchen connects directly with the laundry room, with the service area and with access to the garage. On this floor there is also a bedroom with a complete bathroom, a wine cellar and a guest bathroom.

The first floor consists of 3 bedrooms, one of them en suite. The bedrooms have fitted wardrobes and air conditioning.

This level also benefits from an office-study with stunning views of the garden and the sea.

The garden, like the house, has a lot of charm. This space, along with the pool and the irrigation system, was renovated 10 years ago. In addition, the pool area includes a changing room and a bathroom. Here, you can enjoy several terraces and a porch surrounded by Mediterranean plants that offers a lot of tranquility and privacy.

There are two garages with a capacity for four cars and central gas heating.

This house with its pleasant surroundings is ideal to live and work in tranquility, and be close to Barcelona.
