OVERVIEW

House for sale with garden and pool with a lot of potential, a few minutes' walk from the centre of the town of Vallromanes.

We present this fabulous house located a few metres from the centre of the town of Vallromanes, with spectacular views and enviable interior and exterior spaces. It is a house of approximately 450 square metres and on a landscaped plot of 1,150 square metres with total privacy. It is located in the centre of Vallromanes and has very good road connections.

On the main floor of the house and at street level, we find a nice hall that leads to the different rooms of the house. On the right, a spacious garage for 2/3 cars and space for a storage room. On the other hand, we find a large kitchen and a pantry. Next, the living-dining room, an open-plan area with a fireplace and access to a terrace with spectacular views of the town and the mountains. The kitchen could be perfectly integrated with the living room if the two spaces were joined together. On this same floor, we also have a guest bathroom and a suite-style bedroom with bathroom and dressing room.

The first floor is for the master bedroom. It is a generous space with a bedroom, an open dressing area, covered terrace, uncovered terrace and a very large bathroom.

On the ground floor, we find a second living room, laundry area, 3 suite-style bedrooms with dressing room and bathroom, another complete bathroom and a beautiful cellar with Catalan vaulted ceilings. From this same floor, you can access a terrace that connects with a summer porch with a large table and barbecue area; a very pleasant area to enjoy with the family. Finally, we find the pool and the lower ground floor, where we currently find a gym, a bathroom and a multipurpose room. A lift connects all of the floors from the first floor to the pool area.

Without a doubt, a great house with a lot of potential.
